

Crafting Premium Digital Experiences for Growing Businesses

AdMarkDigital is a creativewebsitedesign anddevelopmentcompany founded by **Harshith V Malipatil and Tejasvi Jois**. We're dedicated to helping MSME companies, startups, and small-scale businesses build a strong and premium online identity through modern, research-driven, SEO-friendly websites.

"To craft digital experiences that amplify your brand, drive customer trust, and support long-term business growth."

What Sets Us Apart

At AdMarkD igitals, we don't just build websites—we create intentional digital experiences tailored specifically to your business. Our approach combines cutting-edge design with strategic thinking to deliver results that matter.

SEO-Friendly Architecture

Optimized page structure, SEO-ready headings, faster loading times, clean internal linking, and search engine-friendly layouts built into every project.

Modern UI & Animations

Smooth custom transitions, minimalistic designs, visual spacing for premium feel, and modern color themes with sophisticated typography.

Business-Based Research

We study your industry, customer audience, competitor layouts, and design trends to craft layouts intentionally designed for your specific business.

100% Responsive Design

Perfect, polished experiences optimized for mobile, tablet, laptop, and desktop—ensuring every user gets the best possible experience.

Comprehensive Services

Featured Portfolio Work

Many of our projects are in testing and refinement stages as we perfect every detail. Here's a comprehensive look at our diverse range of client work across industries.

Naidile Makeup Saloon, Studio & Academy

A clean and elegant UI for makeup saloon, studio and academy.

Brokwell Industries Manufacturing & Industrial Website

A strong, professional website designed for an industrial company with a well-structured layout and business-focused sections.

MyTripMate Travel Agency (Under Development)

A travel agency website where design pages and backend features are still under development. Includes modules for destinations, itineraries, package layouts, and booking flows.

Harmony Mental Health Startup (Founder's Own Project)

A mental health platform built by Harshith, designed as a psychologist marketplace to support people in need. This platform is currently being developed and is looking for investors to scale the project.

Makeup Republic Beauty Portfolio Website

Aesthetic, modern website with gallery sections, smooth transitions, and premium design for a makeup artist.

Dee Events Event Décor Website

Vibrant event-focused website highlighting décor works, event themes, and portfolio galleries.

Vivid Infrastructure Website Revamp

A complete redesign of an existing infrastructure website into a modern, clean, professional layout.

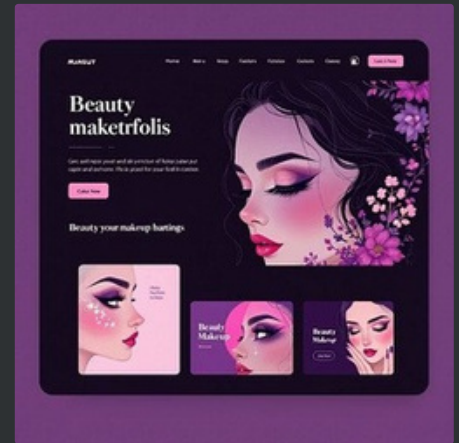

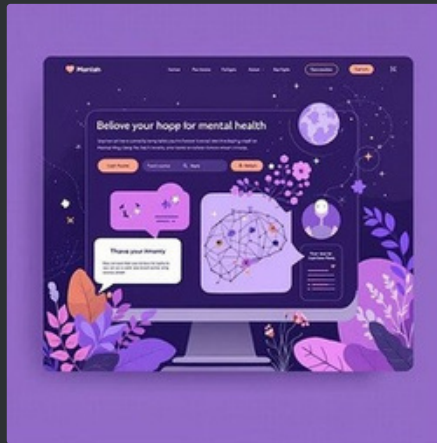

Ongoing & In-Testing Projects

Multiple projects under development and refinement. Screenshots have been included for preview.

More Client Success Stories

Diverse Industries, Unified Excellence

From mental health platforms to event décor showcases, we bring the same level of dedication and creativity to every project, regardless of industry or scale.

Harmony 4 Mental Health Platform

A psychologist marketplace built by founder Harshith to support people in need. Currently seeking investors to scale this impactful project.

Makeup Republic 4 Beauty Portfolio

Aesthetic, modern website with gallery sections, smooth transitions, and premium design for a makeup artist.

Dee Events 4 Event Décor

Vibrant event-focused website highlighting décor works, event themes, and portfolio galleries.

Vivid Infrastructure 4 Complete Revamp

Transformed an existing infrastructure website into a modern, clean, professional layout that elevates their brand.

■ **Multiple Projects in Development:** We're currently refining several exciting projects across various industries. Each website receives our full attention to detail and commitment to excellence.
